B. quarterly
C. twice per year
D. annually
Answer: C**QUESTION 26**You work for a large organization that uses Microsoft Dynamics 365. The organization wants to allow users to install Microsoft Dynamics 365 for Outlook, but users do not have local administrator rights on their computers. How should Microsoft Dynamics 365 for Outlook be installed for the users who need it?
A. by using Microsoft System Center Configuration Manager
B. by configuring a Group Policy on Active Directory
C. by using the command line on each computer
D. by using the download link in the Microsoft Dynamics 365 web application
Answer: B**QUESTION 27****Note:** This question is part of a series of questions that present the same scenario. Each question in the series contains a unique solution that might meet the stated goals. Some question sets might have more than one correct solution, while others might not have a correct solution. After you answer a question in this section, you will NOT be able to return to it. As a result, these questions will not appear in the review screen. On a Contact record, a user creates a note that contains the word running. One week later, the user reports that they cannot find the Contact record associated with the note. You need to find the note. **Solution:** Use Categorized Search to search for the word run. Does the solution meet the goal?
A. Yes
B. No
Answer: A**QUESTION 28****Note:** This question is part of a series of questions that present the same scenario. Each question in the series contains a unique solution that might meet the stated goals. Some question sets might have more than one correct solution, while others might not have a correct solution. After you answer a question in this section, you will NOT be able to return to it. As a result, these questions will not appear in the review screen. On a Contact record, a user creates a note that contains the word running. One week later, the user reports that they cannot find the Contact record associated with the note. You need to find the note. **Solution:** Use Relevance Search to search for the word run. Does the solution meet the goal?
A. Yes
B. No
Answer: A**QUESTION 29****Note:** This question is part of a series of questions that present the same scenario. Each question in the series contains a unique solution that might meet the stated goals. Some question sets might have more than one correct solution, while others might not have a correct solution.
